WOOD COUNTY MOOSE BUILDING STONE ROADS

Organize and Tender Republican Candidates Place on Ticket.

The central committee of the Wood county Bull Moose party met at the assembly room of the court house Saturday afternoon and organized by selecting Harry Williamson, of Prairie Depot, chairman, and G. W. Wilkinson, of North Baltimore, secretary. There were present 42 of the 54 men selected by the provisional committee.

There was a discussion relative to the campaign in the county and the North Baltimore Beacon was declared the official organ of the Bull Moose party. G. W. Wilkinson, its proprietor, will establish an office at Bowling Green in connection with the party's headquarters, but will continue publication of his paper at North Baltimore.

The county Republican ticket was endorsed, the condition being that the candidates express their desire by September 18 to have their names placed on the Bull Moose ticket. They will then have to circulate petitions. There was considerable opposition to this endorsement, but C. R. Painter, of this city, the original Roosevelt leader in Wood county, and W. B. Gregg, of Bradner, was chairman of the Bull Moose mass convention recently held, contended for it and the opposition was overcome.

A committee composed of R. B. Moore, L. D. Hill, D. P. Rideout, F. O. Brnett and Earl Hobart, appointed to name an executive committee, made the following selection: L. D. Hill, R. B. Moore, Bowling Green; Earl Hobart, Pemberville; Harry Williamson, Prairie Depot; G. W. Wilkinson, North Baltimore; C. D. Finch, Bowling Green; Frank Schriber, Moline; W. W. Coward, Weston; A. Pilliod, Grand Rapids; Dr. D. R. Canfield, Perrysburg, and Eugene West, Prairie Depot. The executive committee will meet this week to organize.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood has given it a wide reputation. For sale by all dealers.

TOWNSHIP TEACHERS.

The teachers of Perrysburg township schools will hold their second teachers' meeting on Saturday, 21st inst., in the town hall. Supt. D. H. Haylor requests that each teacher bring with her her certificate if it has not already been filed, and her institute attendance card if it has not been handed to him.

The teachers should also bring the enumeration books given out at the last meeting.

Reports will be asked for from each with respect to the pupils in attendance, whether or not every one is attending school in the district in which his parents live.

Reports also upon text books that may be needed, and upon texts not in use, will be given.

School matters of general importance will be discussed and plans for future meetings considered.

Water Binder Roads Do Not Give Adequate Returns for Cost.

Wood county has spent many thousands of dollars in building stone roads, and at the present time our county can "point with pride" to her many miles of good roads, but present conditions demonstrate the fact that we have spent our good money for roads that do not give adequate returns for the money expended.

The "water-binder" road is not a success. Its expense is too great for the length of service.

This statement is not a slam at the commissioners or the contractors, but a mere statement of fact that can be easily seen by those who travel the roads and make the effort to study conditions.

Many of our best appearing and best constructed roads are sadly in need of repair before they are fully paid for.

The fault is with the system. The system is not right. The very best constructed water-binder roads will become "rutted" in a year's wear.

The cost of tar or asphalt oil binder is only approximately one thousand dollars more per mile than the water-binder. It costs several hundred dollars per mile to sprinkle oil on the water-bound roads, and the cost of oiling soon makes the road cost more than the original cost of the asphalt oil-binder roads and the wear of the oil-binder roads is much better and longer.

The first cost of the oil-bound road is somewhat the greater, but the service is far better and repairs are not necessary for several years after they are constructed.

In the aggregate the oil-bound road is much cheaper and is always better.

Every road that is rebuilt in Wood county hereafter should be constructed with the asphalt or tar preparation for binder.

It will be money saved to the taxpayers.

WILL F. PEINERT TO RUN FOR CLERK OF COURTS.

Will F. Peinert, of Weston, has been selected as the Republican candidate for clerk of the courts of Wood county. The selection was made by the committee appointed by the central committee a few days ago to fill the vacancy made by the resignation of Robt. Dunn, sr., who had been nominated for the place at the May primaries. Mr. Peinert was endorsed by the Bull Moose central committee last Saturday.

Mr. Peinert has been one of the hustling Republicans of his section and he enjoys great popularity among the people for many miles around Weston. He is clean and capable and will make an ideal candidate for the clerkship. He is connected with the Uhlmann store at Weston.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

DIAMOND RING CONTEST NOW ON.

COMMERCIAL CLUB

Perrysburg is Greatly In Need of Such an Organization.

Several prominent citizens have recently suggested to the Journal that a Commercial Club in Perrysburg would have a tendency to bring the active citizens together and produce a much better feeling among them, and also result in much good for the village.

Other towns of the size of Perrysburg have such organizations and the towns are reaping the benefits of organized effort being made in the way of building up the business interests and general welfare of the town.

Perrysburg seems to be on the upgrade, and by the united effort of the business men and such other citizens as may be willing to unite in the laudable purpose of boosting Perrysburg, our village will be better prepared to consider any matters of improvement in the village and to secure other advantages which we do not now possess.

Such an organization could be conducted at a very trifling expense, be of much interest and of general benefit to every citizen.

The Journal will be very glad to receive and publish any articles that may be sent in by people who are interested, in the hope that sufficient interest may be awakened to bring about the organization of such a club.

COULDN'T GET STONE

John Isch Claims Was Cause of Delay.

Commissioner John Isch desires the Journal to state that the delay in repairing the road between Perrysburg and the Maumee bridge was due to the delay in the quarry supplying the necessary screenings to complete the job.

Mr. Isch says he is making every effort to keep the roads in his district in as good condition as possible, but that the law under which repairs are made make it very difficult to do what he considers ought to be done at the proper time.

Another difficulty he has to encounter is that of securing competent help to do the work. He wishes it understood that he is using his best endeavors to give the people the best service possible.

HELD UP AND SHOT

Prominent Wood County Farmer Has Narrow Escape.

While driving from Toledo to his home, 2½ miles south of Rossford, Saturday evening at about 5:30 o'clock, W. A. Mandel, 62, and his son Ralph, 16, were held up by a lone highwayman, who, with revolver in hand, demanded that Mandell turn over his money. The holdup occurred on the regon road, 1½ miles from Toledo.

Mandel refused to obey the order and the highwayman, whose face was partially covered with a handkerchief, fired two shots at him. The first bullet did not take effect, but the second struck Mandell's left arm above the elbow and broke the bone.

Despite his injury, Mandell jumped from his wagon and advanced upon the would-be robber, who turned and fled, evidently deterred from further assault by the approach of another rig.

To feel strong, have good appetite, and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

"TITAN OF CHASMS"

Wonderful Beauty of One of Worlds Greatest Wonders.

After resting and refreshing ourselves at the palatial El Garces hotel at Needles, our journey was resumed eastward with the Grand Canyon of the Colorado as our objective point, and the only sad feature of that portion of our trip was the hardship suffered by my friend Rider, who, like the rest was rudely awakened from his beauty sleep in order to change cars at Williams for the side trip up to the Canyon. Let me state that it is some job to awaken that man at 3:30 a. m. as will be attested by the porter who finally pried him loose from his bunk after much and strenuous effort, and when he finally landed on the depot platform he greatly resembled a man who had been sitting up all night with a sick friend named Anheuser-Busch. The weather being warm, however, his pajamas were not at all inappropriate although an ugly looking squaw offered to trade her blanket for the "heap pretty pants" as she called them, and if Rider had not made a lucky escape into the hotel she would have stripped him of his pajamas right there on the station platform. The heroic manner in which he resisted this aborigine belle has caused me to feel very proud of him.

From Williams up to the Grand Canyon our route was through a section that to me looked like the last piece of earth that was constructed at the time of the creation—there is so very little left on it. It is used for grazing, and there is a slight indication of vegetation, but the numerous carcasses of dead cattle to be seen indicated that the lack of water makes it a poor place for them.

Arriving at Grand Canyon there seems to be nothing in sight of unusual interest save a very large hotel, El Tovar, constructed at a cost of \$250,000, an Indian dance house, and other ordinary dwellings and the visitor begins to wonder why he came, until he approaches the rim of the canyon and takes his first glance at this great work of nature—this chiseling of mountainous monuments; cutting of unfathomable depths; building of magnificent castles and painting of gorgeous hues—this panorama of bewildering, magnificence that takes one's breath and causes him to stand in almost breathless silence and wonder if he has found the end of the world, the "jumping off" place, where he can with one step, pass from earth down into a new world of beauty, splendor and eternal peace and quiet.

I cannot describe the place, and doubt if it is within the power of man to do so in a manner that will enable the reader to obtain a true understanding of its peculiar beauty and attractiveness.

I shall not attempt to use the guide book in this article as is customary with most people who write of their personal journeys, except for the purpose of giving a few lines concerning the canyon's history.

The Colorado river is about 2,000 miles in length and at two points, Needles and Yuma, on the California boundary, it is crossed by a railroad. Elsewhere its course lies far from settlements of the whites and from the routes of common travel. It was first reported by early Spanish explorers in 1540, and but little was known of it until in 1857 the War department dispatched an expedition to explore the river as far from the mouth as navigation should be found.

(Continued on Fifth Page.)

If you knew of the real value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by all dealers.

Select Your Favorite Candidate And Help Her Win A Beautiful Diamond Ring.

Now is the time to help a worthy young lady earn a fine Diamond Ring by assisting her to secure subscribers for the Journal. There are several candidates and each one is entitled to the help of all her friends.

The contest is now on and every vote counts. The Candidates are as follows:

The candidates	vote
Miss Lillian Simmons, RD 1.	1,000
Miss Florence Tryon	1,000
Miss Dorcas Wetzel	1,000
Miss Inez Walker	1,000
Miss Lulu DeVerna, R. F. D.	1,000
Miss Marion Tuller, Rossford.	1,000
Miss Ada Trepanier, Dunridge.	1,000
Miss Arda Wagoner, Stony Ridge	1,000
Miss Madelyn Yeager	1,000
Miss Marie Munger	1,000
Miss Esther Schlect	1,000

Every lady whose name appears on this list is authorized to receive subscriptions for the Journal and will give receipts for the money obtained. This money will count as votes in favor of the lady who secures the subscription.

The plan works three ways. You get a clean home newspaper for one year at the regular price of \$1.00; we get the benefit of the business and the young lady wins a beautiful diamond ring worth \$50 of anybody's money.

This is not a gift enterprise or lottery—but plain, honorable business.

Select your favorite candidate and help her win the ring.

For every subscription that you send in, you indicate the name of your contestant, and that subscription will count so many votes for her as per the following schedule.

VOTE SCHEDULE

Subscription Rates	
2 yrs.	\$2.00.....400 votes
1 yr.	1.00.....100 votes
6 mo.75..... 50 votes
3 mo.50..... 20 votes
1 mo.25..... 10 votes

The votes received for each contestant will be published each week opposite her name, so that you can see her standing in the contest from week to week.

We have secured Mayor E. L. Clay, Mr. Norman L. Hanson and

Thomas M. Franey to act as judges at the close of the contest, who will count the ballots, verify the number of votes received with the money and subscriptions received, and award the prize to the deserving young lady.

It is an absolutely square proposition. There is no opportunity for unfairness, as the money, votes and subscriptions received must tally correctly at the close of the contest.

The contest will start with this week's issue, and will continue until November 15, 1912. Subscriptions will be received any time up to 12 o'clock noon of that day. After that hour under no consideration will any be accepted.

Contest now open, closes November 15, 1912.

No. 1 Not good after TUESDAY, SEPTEMBER 24.

This ballot will count 20 votes for any candidate in JOURNAL RING CONTEST.

(Write candidate's name.)

Signed

Town State R. No.

MONSTER PASADE.

The parade in honor of the papal delegate, the Most Rev. John Bonzano, D. D., of Washington, was one of the largest parades ever witnessed in Toledo, there being 10,000 to 11,000 in line, as well as an unusually large number of bands, about forty. It took one hour and thirty-five minutes for the parade to pass the reviewing stand on which were seated the papal delegate, two archbishops and seven bishops, besides many priests, who are in Toledo to attend the 57th annual convention of the German Catholic Central Verein of America.

The day began with rain, and it continued until 2:30. Had the day been bright and sunny, there is no doubt that the mark of 20,000 in the parade, set by the committee in charge, would have been far exceeded. It was a memorable day for the Diocese of Toledo and will long be remembered by those who participated in it.

About fifty from Perrysburg were in the parade.

GOOD GAME PROMISED.

On next Sunday, September 22, the C. M. B. A. base ball team will have one of the most important and difficult games of the year. Arrangements are about completed for a game with the Perrysburg Naps, the fast team of Perrysburg for the past two years. Many people have been asking the C. M. B. A. management to book the Naps, and the lodge boys have been endeavoring to book them, and they feel confident that the Naps will consent to give them a game next Sunday. In the event that Naps will not play the Toledo Blues, who defeated the C. M. B. A. early in the season, will be the attraction. This game will be the second last base ball game of the season, there being but one more game remaining after next Sunday's game. This game ought to appeal to the lover of a fast, clean ball game, and all are invited to come out and root for their favorites. Game called at 2:30 instead of 2:45. Admission 15c. Ladies admitted free.

What We Never Forget according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at C. P. Champneys.
